

Shalom , How are you everybody??

We are Ceria Orphanage want to share a little story about our places and about what we do everyday. We hope you all enjoy to read this newsletter from us.

From Marsha ☺

Lieve all of the sponsorship in Belanda, who always supporting and helping us in YASAP, I thank God everyday because He always stay here for us and bring piece in our life. I am happy to be here because I can help to take care of many children and support them to have aducation so one day they will thinking about their future, what they want to be. I also make a creativity Tenun.

Hello, my name is Frenghi

We here at Yasap is fine. Now I will tell you a little about goats. Now, before going to school, I first take care of the goats. I cut the grass and cleaned the goat's cage after that I went to school, after returning from school. I having lunch and then going to mow the lawn and collecting goat manure to be stored in compost and goat manure it will be used for organic fertilizers and also good for the health of all of us. I am very happy with this work and also teach me to be a responsible person, I hope this job can be more diligent.

Maybe this is short story from me and thank you. Here is my picture.

Hello My name is Agustina, you can call me Agus, I am 16 year old and I am a student in smpk st yoseph noelbaki.

I will tell you little about whether in Kupang. Now in kupang sometimes rain not as last year. But now rain only a little. Though rain but still very hot to pass a rain. We plant Kangkung in the garden and now it grow to fast so we can eat it sometimes.

This is vegetables we get from our garden,

Hallo, I'm Defince Hauteas, you can call me Fince, now I'm already 6th semeter on senior high school. I am studied in Lentera Harapan Kupang. I am very happy because now I already 7th years in YASAP, and I get help from all of you.

I'm very happy because all of you still help me, I am very thankful for it.

I go to school with motorcycle. This is when I and Mery go to school.

Hello, my name is Maria.

I want to tell you about my practice at Panti Rahayu Purwodadi Hospital in Central Java. I practice in this place for one month, I have been here for 3 weeks, there are many acts of fidelity that I get, I have an interesting story that I want to tell.

in the second week I practiced, I got a patient with normal or spontaneous labor, here I attended the process of maternal delivery from the beginning until the end of her birth, I was instructed by my senior nurse to help push the baby out when the baby strained, then I cut the baby's umbilical cord and took care of the baby clean and gave her mother to give ASI. And this was the first time I saw it with my own eyes and with my own help I helped with this delivery. I also learned from here that if we want to succeed we must have a hard work like a mother giving birth to a baby or our mother leaving us to this world with a struggle to risk her life and life and death. This is me and the baby after bathe.

Hello, My name is Yuvim, I am 21 years old now. I am study at kupang state polytechnic I will tell you about the yasap garden. There is a very large garden, and in the garden we will preserve a variety of plants such as:broccoli,eggplant, chili, and vegetables.

But we don't use chemical fertilizer but we use organic fertilizer and we use it by ourselves and now we are also working with PPMT SOE to develop a more advanced system specifically in garden.

This is when I and frengki make organic fertilizer

Hello everybody, My name is mery, now I am 16 years old. I am a student in SMK NEGERI 3 KUPANG.I will tell little story about my school

I'm class x busana 1.in my school i'm very happy and now we ready to sew lady's skirt and we finished examanation semester 1 and also about match, vollyball and football.

We have garden, everyday we give water to the plant, and after we that, we playing volleyball on the yard.

Hello, here is Sela and Yeni. I am very grateful because if I do not come to Yasap, all school equipment cannot be obtained by young people and the distance between home and school is very far past the times. not too far away. thank you for all the sponsors because they gave me all my needs so that I was not agitated anymore. I thank God because he send me people like you to help me and my friends here. Because of that I want to try or be more active in learning so that I can become an accomplished person We also have choir grup, we do it every Sunday on church.

Hello everyone, My name is Sarah. I am one of the children in Ceria orphanage. I am 20 years old, and now I am currently studying In Yogyakarta, I take Nursing school. And now, I have live here for more then 2 years.

I want to share a little story when I first come to Yogyakarta. In fact, I am easy to get along with anyone, because I know a little about Java language. I studied at STIKES Bethesda Yakkum Yogyakarta, you can find it on google. STIKES Bethesda is a nursing school, only learn about how, or what is nursing. We have 8 semesters, and 1 year for nurse profession. Now, I am on 5 semesters, and I today when I wrote this latter, I am in practice for the medical surgical nursing stage (urinary system and endocrine system, sensory persepction system), and maternity stage ( at Emmanuel Hospital in Central Java) . I will send one of my picture when I practice maternity. We have 3 weeks to practice, and today is the 4th days in maternity room. Next week, I will practice for 3 stage of medical surgery nursing.

I enjoyed my day on nursing college, and I wish one day, I can make something big for people, or for my friends on Ceria orphanage. I can help

people who in needed and also go to my place if birth, and find out about health community there.

These picture on the right side, is about Tonometri. This stuff is use to know about someone else eyes. We can check maybe if she/he have problem with eyes, then we can use this to check it.

Hello all, my name is Yolanda. You can call me Yolan. The months is changing all the time , and doesn't feel we are now in the last month for 2018. Many things we have done and many things that I have gotten in this year. All of you have given me a lot ... I can go to school and enjoying life with friends here because of the attention of all the sponsors. Thank you so much for your noble support for us at the cheerful orphanage. And we have library, so, everyday, we will read one book, and then we share to each other what we read. We like this Sistem, so we can learn what new or anything we don't know before. Here is my picture and friends when we have reading time.

Syalom ... best wishes to all of the sponsors who have cared for and want to help us in TIMOR. My name is Debby and I am one of the staff here in YASAP, I also a teacher in TK Ceria. I want to share little about TK Ceria, yesterday we have a meeting with UNICEF from Kupang, that teach us so many about how to teach children or make them have more intelligent and creative. They teach us to create something different.

*This is one of the UNICEF people, she said happy to share one or two things about creativity if the children.*

That is little story that we have, we want to say sorry if there is not match sentences because we still learning about English. We try it and we hope you all can understand what we are telling on the story.

We all want to say, "MERRY CHRISTMAS AND HAPPY NEW YEAR"

We will celebrate it to accept Jesus come in our home, our heart, and also our daily. We are family, and God will always beside us no matter what.

We Love you all.

Best regards from Ceria Orphanage, Debby 😊
